DAYS OF DIZZINESS

Come to Hundreds of Norway People

There are days of dizziness;

Spells of headache, languor, backache;

Sometimes rheumatic pains;

Often urinary disorders.

Doan's Kidney Pills are especially for kidney ills.

Endorsed in Norway by grateful friends and neighbors.

Mrs. W. J. Olmstead, 95 Main St., Norway, says: "My kidneys began to

give me trouble as they were weak. My

back ached so badly I could hardly get

through with my housework and every

thing I undertook to do seemed a drag.

I was dizzy and could see star-like spots

before my eyes. My feet and ankles

swelled. I read about Doan's Kidney

Pills being good and sent for some.

When I had finished taking them, I felt

as well as ever. The backache ceased

and my kidneys became regulated. I

have told a number of people about

Doan's.

HARRISON

Music and Old Home Week

The writer of the article in the last

issue on "Harrison Fair Week" evidently

stretched his imagination to the limit

and included in day dreams, "Mount-

ed Police, cannon, military bands etc"

were unknown quantities during the whole

week of celebration which took place

mostly in the evenings. The days were

very quiet and except for ball games

utterly devoid of the "quickestep of

military precision" advertised.

Robert Lawrence, National song leader,

of Washington, D. C., who had been

engaged for the entire week, held a com-

munity sing each evening on the

"common." Immense crowds attended

these sings. Many coming from the

neighboring towns in cars, etc.

On Monday evening, North Bridgton

night, Misses Agnes and Margaret Jordan

sang very pleasingly. On Tuesday,

Outfield night, Mrs. Mitchell and Mr.

Brown sang solos. On Wednesday,

Bridgton night, Mrs. Phil Staley and

Miss Laura Long sang, with Mrs. Wm.

Holt accompanist. Harold Ingalls play-

ed a cello solo. On Thursday, Norway

was represented by Miss Marion Haskell,

violinist, with Miss Ruth Cummings

accompanist. On Friday, Camp New-

found gave a charming entertainment

with orchestra, chorus and violin solos.

On Saturday, Harrisonville, the

concert was given by the

Bristol. On Friday evening, Camp Wig-

swam gave a short play followed by a

dance and on Saturday evening a costume

dance was held at the Bristol Studio.

Women Tell Each Other How They Have Been Helped by Lydia E. Pinkham's Vegetable Compound

Perrysburg, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my sides all the time. I can't remember just how long I suffered, but it was for some time. One day I was talking with a lady I met on a car, and I told her how I was feeling and she said she had been just like I was with pains and nervous troubles, and she took the Vegetable Compound, and it cured her. So then I went and got some, and I certainly recommend it for it is good. Whenever I see any woman who is sick I try to get her to take Lydia E. Pinkham's Vegetable Compound."

—Mrs. ADA FRICK, Route 3, Perrysburg, Ohio.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women.

Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial.

Months and Miles of Battery Service

A car owner who drives 10,000 miles per year takes more out of his battery than one who drives 5,000, just as a pedestrian who walks a great deal wears out his shoes faster than one who spends most of his day at a desk.

The driver who starts and stops frequently, with short runs in between, or who uses his lights to excess, is not recharging his battery nearly so fast as he is discharging it. He is like the housewife who keeps dipping sugar out of the jar faster than she replenishes the supply.

What is the Life of an Exide Battery?

Many car owners have obtained five or more years of service from their Exide Batteries. Others permit their batteries to be ruined in a few months through neglect and preventable abuse. The things which do the greatest damage are lack of water, lack of charge and properly secured. So we say frankly to Exide owners that the life of their batteries is largely in their hands.

Keep your battery well charged, filled with water, clean and properly secured in its place and it will give a long life and unflinching service.

CONSTIPATION OFTEN POISONS THE SYSTEM

NATURE HAS PROVIDED RELIEF

For every violation of her laws Nature exacts a penalty; but she also has wisely provided relief, especially for the ailments of the human system. Since constipation is the most common of ailments, Nature endowed certain herbs, seeds, barks and leaves with laxative properties. Early settlers, dependent entirely upon Nature, used the extracts from these plants to relieve and correct constipated conditions.

Over seventy years ago, an old-fashioned Maine country doctor who didn't believe in harsh cathartics originated a prescription known as Dr. True's Elixir, the True Family Laxative, which since has given relief to many thousands of constipated sufferers.

The herbs used in its preparation are imported and of strictly pure quality; it helps to correct the cause naturally and relieves its attendant evils; it purifies the bowels as it cleanses.

Here is one of the thousands of cases where Dr. True's Elixir has helped. "As you have been a Godsend to me, that is a friend in need is a friend indeed," I will write and tell you about the value of your medicine—Dr. True's Elixir; be-

lieve me, it helped me. I eat everything that comes along; no more diet. I even tried raw onions for a test. Is that not luck after nine long years of only milk and eggs?"—Mrs. J. E. (Nutley, N. J.)

To have a suitable laxative, one which she knows will prove effective, be easy to take and guaranteed pure, Mrs. Peter Velme of North Charleston, S. C., sent up North. She says: "I have great faith in Dr. True's Elixir, the True Family Laxative and Worm Expeller, and have been using it for over ten years. I send for it to my old home at Oxford, Me."

A well-known New Yorker writes: "While visiting in historic old Plymouth (Mass.), my family became acquainted with your Dr. True's Elixir, the True Family Laxative and Worm Expeller. It does all you claim for it in aiding digestion and relieving insomnia and constipation. Please ship me six large size bottles, for mother is in need of it."—Wm. I. Ralph.

Dr. True's Elixir, the True Family Laxative, was first a Maine medicine, then New England, now International. 40c, 60c, \$1.20.

Special Races and Ball Games
Oxford County Agricultural Society staged a line of sports at the County fair grounds, Thursday, Aug. 2 which attracted some two thousand people in the afternoon. For various reasons the trotting card fell down with the 2:15 class cancelled and but three started in the 2:25 and 2:25 class. A special matched race with a field of two starters was arranged to fill the vacancy. Time was slow in straight heats for all races, and little enthusiasm was shown. Potte's string of Lewis' captured the big money in each event. The new track was in fine condition for fast marks and this fact gave the throng in the grand stand good cause to "josh" the drivers as they passed under the wire.

The matched race featuring Wilgus, Howard Rand's star, and Admiral Black owned by Arthur Jack was a clean cut event but minus speed. Wilgus was never headed off in the three heats. Summary:

Wilgus (Potte) Matched Race	1	1
Admiral Black (Carney)	2	2
Time: 2:21 1/2, 2:21 1/2, 2:21 1/2		
2:18 Class, Trot or Pace	\$200	
Main Shot (Potte)	1	1
Prince Dell (Simms)	2	2
Dick Cable (Faupe)	3	3
Time: 2:27 1/2, 2:19 1/2, 2:20 1/2		
2:25 Class, Trot or Pace	\$200	
Hilarious (Potte)	1	1
Mrs. Sandy Hall (Faupe)	2	2
Lady Duff (Carney)	3	3
Time: 2:25 1/2, 2:22 1/2, 2:25		

Twin Towns 4; Dixfield 3
The ball games saved the day for both contests were a rare exhibition of fast stuff and kept the large crowd on edge. The morning game applied to the Tri-County League. Billy White manager of the Twin Towns was especially anxious to annex this contest and keep the outfit at the head of the class with Livermore Falls. Harry Lord was equally desirous for Dixfield to appropriate the big end. Thus the morning battle waxed hot with the Twins turning the trick in the eighth on a single run lead. Norway captured a pair in the series which they held against a strong opposition. Dixfield went into the front ranks with three tallies in the eighth after two batters were gone but were unable to squeeze by the pair Twin Towns secured in their last frame. Both Pierotte and Knight twirled in regular form with honors equally divided.

Dixfield 4; Twin Towns 2
The afternoon exhibition game was another fight to the finish. Dixfield brought it to a head in the eighth with a pair of crossings which gave them the battle. The first chapter opened with indications of a high score as the outfit landed two runs apiece, this idea soon evaporated as Fowler and Beck set the emergency. Struggle as they might only zeros were hung on the score board until Dixfield cracked the ice and penetrated Billy White's defenses in the eighth frame. Two scores were landed in a grand spirit, no drive made against the Dixies could dislodge the bunch from this position.

Dixfield's final spurt for the winning scores came as lightning from clear skies. With two gone Fowler beat out a slow roller to Peel, a triple by Wetherell and Cahill's heave over third put the winning marks across. Summary:

1924 Models Are the Finest Big-Sixes Studebaker Ever Built

The enthusiasm with which the new 1924 model Studebaker cars have been received locally is an indication of the reception they have enjoyed throughout the country.

No wonder. They are emphatically the most compelling values Studebaker ever offered and the public knows that Studebaker has been a consistent leader, year after year, in the amount of intrinsic value per dollar invested.

The Big-Six Sedan and the Coupe are the finest cars that have ever borne the name Studebaker. They provide all the performance, all the comfort, and all the dependability that any car will give—at a price that smaller producers cannot approach.

Everything for which one can wish in motoring convenience, comfort and utility has been provided—even to the extra disc wheel with tire, tube and tire cover (two on Sedan); handsome nickel-plated bumpers, front and rear; large, roomy trunk; automatic gasoline signal, and many other features. There is nothing more to buy.

The prices of the Sedan and Coupe are moderate because of Studebaker's large production, vast physical and financial resources, the manufacture of all vital parts in Studebaker plants, and the accumulation of experience and prestige gained through 71 years of building quality vehicles.

Noyes-Brooks
Glorious sunshine with a cloudless sky was Nature's gift for the wedding day of one of our most popular young ladies, Martha Auxilla Brooks and Henry Augustus Noyes who were united in marriage at Bethel on Wednesday, August 1 by Rev. C. B. Oliver. The bride is the youngest daughter of Mr. and Mrs. Alpheus Brooks, a member of Franklin Grange and a graduate of Woodstock High School in 1922. She was active in all school and social affairs, winning second prize in the speaking contest during her sophomore year and was a member of the basket ball team, winning her letter when a senior. During the past year she has been a most successful teacher at the Richardson Hollow school.

The groom a young man of sterling character, is the eldest son of Mr. and Mrs. John Noyes of Richardson Hollow, Greenwood, and with his father, carries on one of the largest and best equipped farms in town. Mr. and Mrs. Noyes took no wedding trip, but after the ceremony returned to the home of the bride where a handsome wedding cake made by the bride's mother and sister, Mrs. Myrtle Bennett, was served. They then went to their future home which was waiting for them and which is near the Noyes farm. The best wishes for a long life of happiness is extended by a large circle of friends, both near and far.

STORY OF BY-GONE DAYS

Twenty-Six Years Ago

Grading and sodding around the County buildings at South Paris was completed this week, with William Bolton, the landscape gardener, in charge. He will do the grading on the lot of the Norway Episcopal Church.

The old hand stand on Bridge street has been torn down. A new one has been built at the Witherell Park. H. L. Horne furnished the interior wood work and pews for the Catholic church. The material is best quality North Carolina pine.

James G. Littlefield M. D. of Bridgton has decided to locate at South Paris. He is a graduate of the Maine Medical School and has studied in the hospitals of New York city.

E. N. Davis, who broke into railroading when the Norway & Paris St. Ry. commenced operations, has been appointed superintendent of the Shelburne Falls & Colerain Street Ry. of Massachusetts.

Norway and Vicinity

(Continued from page 1)

E. N. Rouel has returned from Portland, where he substituted as operator of the Grand Trunk office. He is back on his former job as night operator at South Paris.

Miss Elsie A. Favor, who has been assisting Mrs. James N. Favor during the illness in the family, has gone to Milford. Emma Smith's cottage at the lake for a few days.

Dances are being held at "The Barn" every Monday, Wednesday, and Friday night, with a large attendance each night and everyone talking about the orchestra, the features, and the ball. No need to mention the Haystack Orchestra for the names of the players are familiar to dance lovers all over New England.

The orchestra, with Glen Butler featuring makes a specialty of the latest "blue" numbers. Every night a new feature can be seen and the hall is one of the coolest in Maine, with good clean parties guaranteed. A great combination.

Clarence Sheldon has returned home for the winter and has employment in the shoe factory. The past two months he has been bell boy at Forest Hill Hotel in Franconia, N.H.

Mr. and Mrs. Archie Mattor, Mr. and Mrs. Henry Doughty, Helen and Eugene Doughty and Annie Mattor returned to Brooklyn, N. Y., Wednesday. The party occupied the Mattor camp at Sand Pond the past ten days and enjoyed the outing.

Frances Ray, youngest daughter of Mr. and Mrs. Sam Ray of Pine St., is very ill with rheumatic fever.

Mrs. W. T. Smith and daughter Ruth, who have been visiting her sister, Mrs. M. S. Miller, at Gloucester, Mass., the past three weeks, returned home, Thursday.

Arthur Garey has commenced building his bungalow on the lot between the Will Garey house and the Buck house on Whitman street.

Bob McCready and Ben Bicknell were among the Norwegians who attended Bridgton fair a short time, Wednesday.

Mrs. Ralph Richardson came to town from the Sawyer cottage in Greenwood Wednesday with a large bunch of pond lilies which she distributed among friends. The family returned to the cottage late in the afternoon.

"Season is at its height around Lake Pemsevasse," says Capt. Sampson. Every camp is occupied, Lakeside Inn is overflowing and many are living about the lake in tents. Summer business in the stores is the best since before the war.

There is no great flurry in the shoe factories, but normal business is the rule with the help employed considerably over half time. It is reported machines are being installed at the Carroll, Jellerson Co. for the manufacture of wooden heels.

Milletville and Crockett Ridge. A big hay crop is being harvested in this section.

W. P. Young, Rust Jackson and G. S. Westleigh have each purchased a nice pair of oxen to haul hay to the barn with. Spaulding Abbott is having for F. J. Lovejoy with four oxen, it looks like "olden times" to see so many yoke of fat oxen working on the farms.

Mrs. Gertrude Brown has a broken finger caused by getting it caught in the electric wringer at Lakeside.

Verna Westleigh has been visiting her friend, Eloise Millett, at Watford, for a few days.

Mrs. A. G. Lovejoy is visiting at her daughter's, Mrs. H. M. Jackson's. Mr. and Mrs. F. P. Morrill of Gray visited at G. S. Westleigh's, Sunday. Mrs. Morrill says, "Poultry business is booming." She has ready sale for her produce right at the door. She is having an incubator house built and other improvements.

Several visited the ruins of the big fire at Rumford, Sunday.

Rust Jackson and family went on the down river trip to Sebago, Sunday.

Harry Jackson and son are laying on the Foster Jackson farm.

Ernest Cross from Portland was in town recently, buying hens. He had a big truck load when he returned home.

A. Foster Jackson and wife were in this place, Sunday.

Tom Heikkinen is staying on the John Shepard farm.

Clarence Brush and family and others from Shepard's Camps called on Mr. and Mrs. G. S. Westleigh recently. Mr. Brush is clearing up his yard around his new camp, having the larger pine stumps pulled out and other improvements.

CENTER LOVELL

Sunday Services

The morning service at the Christian Church at Center Lovell last Sunday was conducted by John R. Dallinger, son of Congressman Frederick W. Dallinger of Cambridge, Mass.

The young man, who has been a summer resident of Lovell all his life, is a student in the divinity school at Harvard University. He was introduced to the large congregation by the Rev. Josiah Heald, a former resident of Lovell, and a member of one of the most prominent Lovell families, who for the past thirty years has been a missionary in New Mexico. He spoke of his high regard for the young man, particularly in view of the fact that his maternal ancestors and a large number of his relatives have been leading citizens of Lovell. He said that it was a pleasure, in the evening of his ministerial career, to introduce a young man, to whom many walks of life had been open, but who had chosen and was in the dawn of that same service. He expressed complete faith in the son of a man who has always stood for the best things in government.

Mr. Dallinger impressed the congregation with his ease in the pulpit and his strong appeal for an intelligent study of the Bible.

Memorial Service

On last Sunday, when services were being held all over the country in honor of President Harding, the summer residents and natives of Center Lovell joined in tribute to the late chief executive at a vesper service, which combined impressiveness and grandeur with simplicity and earnestness as few others could have done.

The setting was a temple fashioned by God's own hands—a small, quiet cove in Lake Umbagog, with a wide, smooth, sandy beach, and a grove of century-old pines for a background on the summer estate of B. S. Whitehead. Just in the center of the semicircle, where the grove blends into the beach, is a natural rock pulpit, from which the Rev. Dr. Marcus Brown, of Philadelphia conducted the services, and the Rev. Ashley Day Leavitt of Brookline, Mass., offered prayer.

The congregation was seated along the beach and in boats anchored in the cove. The rapidly falling dusk lent an atmosphere of church-like dimness to the worship.

Beneath the pulpit an organ had been placed, and a choir of young people sang hymns, in many of which the entire congregation joined, sending a volume of song reverberating over the quiet lake. The group singing was supplemented by vocal solos by Mrs. E. Van H. Schultz and cornet solos by Mr. West. After McKinley's favorite hymn, "Nearer, My God, To Thee" and Roosevelt's favorite, "How Firm a Foundation" had been sung, Dr. Brownson paid a strong tribute to President Harding, being called for his favorite hymn, "Lead, Kindly Light."

"Some say he was not a great man," said Dr. Brownson. "What is greatness? I believe that he will go down in history as a great peace-maker. And the peace-makers for the future shall be called the children of God." He also expressed confidence in President Coolidge, and emphasized the fact that both the departed President and his successor have always been staunch Christians and that "even the President of the United States is not above going to church."

The services ended with the singing of America before the benediction of the minister was given, and then with the blowing of Taps by Mr. West.

LOCKE'S MILLS

Dudley Lake

Monday evening, the 6th, there was an old fashioned dance at the pavilion which was broken up by a terrible accident. A car containing a young man and woman left the road at the sharp turn there and plunged into the mud and water at the foot of the lake.

The girl was pinned under the car and when rescued, all efforts to revive her were useless.

This is the ninth car to go off at this place, five this year. It is time signs were put up at once and the bushes cut around this sharp turn and all necessary precautions taken to prevent such accidents.

DISASTROUS FIRE AT RUMFORD

A conflagration at Rumford Falls, Thursday afternoon, August 2, destroyed some twenty buildings, including Majestic Theatre Block, the Nile Block and many tenements and stores on Waldo Avenue. This is the worst calamity in the history of the town.

The fire started in a shed adjoining the theatre and was discovered in the loft over the stage about 5:15 p. m. Rapidly and low pressure in the water mains hindered the fire department. Help was sent from Mexico and Lewiston and the conflagration was at length confined to the burned area.

Under control. Three hundred families were made homeless with a total financial loss estimated at \$500,000.

Rumford handled the relief problem in a masterly way. Before the ruins cooled families were given shelter and the school houses opened for the storage of household goods collected from the wreckage. No lives have been reported lost, but many had narrow escapes in the confusion and frantic efforts to save personal property.

The town is facing a temporary problem of furnishing pure drinking water until the mains can be cleared of unsanitary river water pumped in to raise the pressure. Warning has been issued by the local public health officer and spring water is being furnished by the Mt. Zircum Company and others until the mains are flushed clean.

BRIDGTON

Fatal Accident

A very sad and fatal accident hap-
pened at Beaver Pond, Bridgton Valley, Aug.
4th. A party of three young men from
Bridgton came to spend a few days at the
home of C. Lester Ames. They ate din-
ner and went for a boat ride soon after.
While standing in the boat, one boy
suddenly fell into the water. He died of
heart failure, and not a drowning ac-
cident. The young man's name was Clark
son. One other of the party was his twin
brother. All were twenty years of age.

Another accident at Moose Pond oc-
curred the same day. Delmore Chadbourne
was hauling rocks with his span of horses
to the bridge where they are widening
Moose Pond Bridge, when his horses be-
came frightened at the steam shovel and
went off into the water. They made
frantic efforts to swim but the water be-
ing too deep for help to get out and free
the poor animals they drowned. Delmore
came near being drowned as he clung to
the reins and cart. It is quite a loss to
the young man who is very industrious.
Bridgton is full of city visitors and
automobiles as well. I heard one man
remark that one evening when it was a
night of moving picture show, that he
had to drive his car most of the way
through the village on low speed to get
through safely.

A short but severe thunder storm pass-
ed over this village, Aug. 3rd. Very
large hailstones fell. Lightning struck
a tree on Portland St., also on Elm St.
and near Forest Mills. Some parts of
the village were in darkness until Sat-
urday.

Mrs. Lottie Morrison spent the week
end, Aug. 4th, with her father W. H.
Gordon and nephew C. G. Briggs and
family of Sweden. Sunday, all joined
Mrs. Morrison's sister, Alice Briggs, and
family with their car enjoying a trip to
Echo Lake and into the mountains. A
nice basket lunch quickly disappeared
while the party sat on the shore of the
lake and watched the green forest water
below the great high White Horse Lodge.

In all the time along the way the best
looking crops were seen at the Clarence
Jones farm in Sweden, now owned by
James Jackson of Fryeburg. About 5
acres of yellow and sweet corn which was
planted late was much in advance of
most corn in other places. Fine crops of
all kinds were growing. Mr. Jackson
must be a hustler and a good farmer.
The Jones farm is a good one and, by
much hard labor, has always been kept
free of weeds, which is a credit to both
the former and the latter owner. A
beautiful view of lower Kezar and the
mountains always may be seen, which
together with the pretty maple trees
along each side of the road makes it a
pleasant summer home.

Since that time Mrs. Dresser has lived with her youngest daughter, Mrs. Harry Brown. Mrs. Dresser was a life long member of the Congregational Church of Albany.

Rev. C. G. Miller of South Paris delivered an interesting sermon in the Chautauque tent last Sunday. His theme was "What constitutes a Christian?" and he finds the answer in Jesus' own words, "Ye are my friends if you do whatsoever I command you." The song service of old fashioned hymns was inspiring and the quietude of the songs and the sermon delivered in the tent under the blue sky was a striking contrast to the rushing around of automobiles, railroad trains and the eager moving picture crowds of today.

George Forbes is building a garage.

Chautauque

Radcliffe Chautauque has again visited us, and was heartily enjoyed by the townspeople. Its platform features were attractive and their program was excellent, much that they offered was among the best and it might be said that their selections would satisfy the most exacting and over-critical.

In his lecture "The Red Horizon" Mr. Volmer vividly and truthfully portrays the conditions of the world today and gave his audience much food for thought.

The direction in his lecture "Main St. vs. Broadway" strikingly and as truthfully brought out the conditions of the homes of the present time, the indifference of parents in the building of their children's character. He has seen much of domestic life, having made a study of it both at home and abroad and "knows whereof he speaks" and he is a matchless orator.

The Tooley Quartette in their picturesque and oriental costumes was extremely entertaining. Frank Lucas is one of the greatest living accordionists. Ellsworth Plumstead will stand unrivaled in character delineations and make up is exceedingly popular, every move on the stage being so realistic. Miss Ware is a violin artist, who will be heard with delight.
